It is certified that error appears in the above-identified patent and that said Letters Patent is hereby corrected as shown below:

On the title page, please correct item (75) Inventor: to read as follows:  
(75) Simon Nicholas Richmond, Princeton, NJ (US)

On the title page, please correct item (57) ABSTRACT to read as follows:

A garden light 10 having a body (11) with a post (12), the lower end of which is provided with a spike (13). The upper end of the post (11) receives a lens assembly (14). Secured to the lens assembly (14) is a cap assembly (24) that has three LEDs that are activated to produce a varying colour light.

Column 3 at line 53, please replace "flange segments 27" with --flange segments 37--.

Column 7, please correct Claim 1 lines 19-39 to read as follows:

A lighting device to produce light of varying colour, said device including:  
a body including a spike;  
a lens mounted on the body and generally enclosing a chamber having an upper rim surrounding a top opening, and a bottom region;  
a cap assembly including securing means to releasably engage the rim so that the cap assembly can be selectively removed from the lens; said assembly including:  
a base; and  
a circuit having at least two lamps of different colours to produce a desired colour including a varying colour, the lamps being mounted to direct light into said chamber, connections for at least one rechargeable battery to power the circuit and a solar cell mounted on a surface of the assembly so as to be exposed to light and operatively associated with the connections to charge the battery, and a switch operated to control delivery of electric power from the battery to operate said circuit, the switch being exposed to provide for access thereto by a user.

Column 7, Claim 2 at line 42, please replace "operation" with --operative--.

Column 7, Claim 5 at line 50, and Claim 15 at line 17, please replace "the LEDs" with --the lamps--.

Column 8, Claim 12 at line 5, please replace "device of any one of claim 1" with --device of claim 1--.

It is certified that error appears in the above-identified patent and that said Letters Patent is hereby corrected as shown below:

Column 8, please correct Claim 20 lines 36-52 to read as follows:

A lighting device to produce light of varying colour, said device including:  
a body including a spike;  
a lens connected to the body;  
a circuit having at least two lamps of different colours to produce a desired  
colour including a varying colour, the lamps being mounted to direct light into said lens,  
connections for at least one rechargeable battery to power the circuit and a solar cell  
mounted on a surface of an assembly so as to be exposed to light and operatively  
associated with the connections to charge the battery, and a user operated switch  
operable to control delivery of electric power from the battery to operate said circuit, the  
switch being exposed to provide for access thereto by a user thereby enabling the user to  
manipulate the switch to control the delivery of electric power from the battery.

This certificate supersedes the Certificate of Correction issued July 1, 2008.
